

The Lightning Crashes In-

Verse 1-

Kept her heart in a little hope chest, that her Daddy gave to
her one day

Kept inside, was a hope that she could find a man like him

That would love her till the end of time, she remembers, he
would say

“Shooting stars go ‘cross the sky, a crack of thunder is what
it’s like...it’s like”

Hook-

Lightning crashin’, just try to catch it if you can

It’ll find ya, when it’s time, but you won’t see it comin’

No choice but just to let it in, you can feel it, like I do with

Just one look in your Momma’s eyes, I won’t forget ‘cause I
know that’s when

The lightning crashes in

Verse 2-

And she said,

Lyrics from the Revolution CD by Rhon Van Erman

Daddy can you tell me how, how to know that it's really him

Deep inside, can you say, is there just one thing you can
give to me

That'll save my heart from rushin' in, then I told her one last
thing

Just close your eyes be listening, the voice inside will tell you
when...It's like

Hook-

Lightning crashin', just try and catch it if you can

It'll find ya, when it's time, but you won't see it comin'

No choice but just to let it in, you can feel it, like I do with

Just one look in your Momma's eyes, I won't forget 'cause I
know that's when

The lightning crashes in
