

This Side Of Heaven

Verse 1 –

Desperation sits alone, in a room without a view
And hesitation sits alone, and is gone before you knew
It's time just to let go, and fear will just fly

Hook –

Take this chance, and give until you can't
Breathe in, this moment just might be
As close as you will get, this side of heaven

Verse 1 –

Patience, patience over me, not the first won't be the last
Time to leave anxiety I will, leave it in the past
Got to fight it, deep inside and, let this moment be

Hook-

And take this chance, and give until you can't
Breathe in, this moment just might be
As close as you will get, this side of heaven
